ALL BRICK *home*

This all brick, 1.5 story home is truly special. It sits on almost 5 acres and features 4 bedrooms all on the main level, plus a flex/bonus space upstairs. The front porch is anchored by columns and the arched entry opens to an open foyer, living, and dining room. New paint, updated flooring, and a renovated kitchen are just a few of the upgrades this home features. There is a breakfast nook with a bay window that allows light to flood the space. Two bedrooms are tucked behind the kitchen and share their own bathroom. There are two master suites and each one features a large walk in closet and a separate tiled shower as well as a jetted bathtub. Outside you will find a covered porch and within the fenced in yard there is an outdoor fireplace, salt water swimming pool, and a 2 story pool house complete with plumbing.
